

## Algae-Off® - String Algae Remover

***Immediately Removes String Algae***  
***Works On Contact***  
***Money Back Guarantee***  
***EPA Registered Algaecide***

CrystalClear® Algae-Off® utilizes the latest in oxygen technology to remove string algae quickly and efficiently. CrystalClear® Algae-Off® is an EPA registered, granular algaecide that works in seconds, adds oxygen to the pond, removes odor and is the only water treatment product on the market with a money back guarantee

### WATER CLARIFIERS

## D-Solv9 - Complete Pond Cleaner

CrystalClear D-Solv9 is the fastest and most efficient water clarifier on the market today. CrystalClear D-Solv9 is designed to clear pond water in all sizes of ponds, fountains, bubblers and streams.

CrystalClear D-Solv9 contains a 9% solution of active product that is double that of competing brands, which allows you to use less per application. In fact, one 16 oz. bottle of CrystalClear D-Solv9 treats 9,600 gallons.

So no matter what you clarity problem is, D-Solv9 can help you FIX it.

## ClarityMax+® The Ultimate Pond Cleaner

***Removes Pond Owner's Worst Pond Problem  
Removes Slimy Debris From Ponds, Waterfalls & Streams  
Safe For Use Around Aquatic & Domestic Animals***

ClarityMax +s® multi-purpose cleaning action cleans ponds with barley, bacteria, enzymes and a powerful secret ingredient. These substances clean, polish and break down organic materials that create problems for pond hobbyists on and around waterfalls, streams, plant pots and filtration systems.

ClarityMax +® contains Activated Barley. It is the only product that utilizes this patented process to combine bacteria cultures on barley. In tandem these ingredients help to remove and control pond hobbyist's worst pond problem for the long term.

## Biological Clarifier+® Sludge Remover & Clarifier

***Removes Sludge & Odor Fast  
Breaks Down Dead Algae, Leaves & Debris  
Safe For All Aquatic & Domestic Animals***

Biological Clarifier +® naturally removes sludge, odor, debris and decaying leaves with billions of bacteria colonies and 6 added enzymes. The result is a cleaner pond, healthier fish, improved dissolved oxygen levels and reduced ammonia levels.

Biological Clarifier +® contains Activated Barley and is the only product that utilizes a patented process to combine bacteria cultures on barley. In tandem these ingredients help to remove and control sludge, odor, grime & debris.

## RapiClear® - Pond Flocculent

***Clears Pond Water Fast  
Makes Pond Water Sparkle  
Safe For All Aquatic & Domestic Animals***

RapiClear® is designed to clear cloudy, muddled pond water quickly, usually within 1-3 hours depending on the size of the pond. RapiClear® will quickly restore pond water to a brilliant shine. RapiClear's® unique properties allow suspended particles in water to attract together and fall to the bottom of the pond where they can be vacuumed out or removed by filtration. The result is an extremely fast clearing of the pond

POND START UP

## Vanish™ - Dechlorinator Liquid

***Immediately Removes Chlorine, Chloramine & Heavy Metals  
Adds Fish Slime Coat Protectant  
Safe For Use Around Aquatic & Domestic Animals***

Vanish™ will immediately remove chlorine, chloramine and heavy metals that are often present in city water supplies. Vanish™ will also add a slime coat protectant to the water to help fish heal wounds and abrasions and protect them in times of stress (during water changes & clean-outs).

## Vanish™ - Dechlorinator Dry

***Immediately Removes Chlorine***

***Value Formula***

***Safe For All Aquatic & Domestic Animals***

Vanish™ will immediately remove chlorine that is present in city water supplies. Chlorine is toxic to fish, left untreated chlorine can cause gill damage and leave fish unable to breathe. Use Vanish™ when performing water changes or setting up a new pond.

## CONDITIONING

### AmmoniaFix™ - Nitrifying Bacteria

***Removes Ammonia, Nitrite & Nitrate***

***Clears Water, Removes Debris & Seeds Filters***

***Safe For All Aquatic & Domestic Animals***

AmmoniaFix™ contains billions of ammonia, nitrite and nitrate removing bacteria. The bacteria inside are designed by nature to utilize these substances as a food source and remove them from pond water. AmmoniaFix™ has been used for decades to seed filters, clear water and reduce harmful ammonia and nitrite levels in a pond environment. The result is safer, cleaner water for fish and plants.

## **pHusion® - pH Reducer**

***Quickly & Safely Lowers pH  
Increases Fish Electrolytic Uptake  
Safe For All Aquatic & Domestic Animals***

pHusion® fuses pH lowering qualities with natural electrolytic supplements to safely lower pH levels in pond water at no more than 0.2 points per application. pHusion® also adds much needed electrolytes to help fish maintain a strong slime coat and healthy appearance.

## **Foam-B-Gone™ - Foam Remover**

***Removes Foam In Seconds  
For Use In Ponds, Fountains & Statuary  
Safe For All Aquatic & Domestic Animals***

Foam-B-Gone™ will remove foam from water within seconds of application. Foam is usually caused by excessive organics present in pond water. Protein foam can be harmful and should be removed quickly.

## **Polish AC™ - Activated Carbon**

***Removes Ammonia, Nitrite & Nitrate  
Removes Tannins, Chlorine & Odor  
Polishes Water & Removes Microscopic Debris  
Safe For All Aquatic & Domestic Animals***

Polish AC™ is bituminous coal that has been exposed to extreme heat which activates the carbon giving it powerful absorbing powers. The billions of pores within the carbon act as hundreds of sponges soaking in many pond pollutants such as, tannins, ammonia, nitrite and nitrate. The result is a polish, healthy pond environment.

## **Sparkle™ - Fountain Cleaner**

***Rapidly Cleans Fountains & Water Features  
Works On All Water Feature Surfaces  
Tough Stain Lifting Formula***

Sparkle™ fountain cleaner is a revolutionary product designed specifically to keep fountains, bubblers and disappearing waterfall feature clean and clear all year long. Sparkle™ helps prevent stains, sludge, mineral deposits and organic contaminants from forming in basins.

## **SubLime™ - Limescale Remover**

***Removes Tough Limescale Stains  
Keeps Basins Looking New  
Keeps Pumps & Lines Free-Flowing***

SubLime™ will deep clean basin pits, cracks and crevices to ensure a new appearance all year round. SubLime™ will also help to prolong the life of fountain pumps by removing limescale and calcium deposits in and around the pump housing. Sublime™ safely removes limescale and calcium deposits in all models of fountains, bubblers and water features. Its unique, gentle formula allows for use on all substrates: ceramic, cement, plastic, resin and rock.

## **FISH HEALTH**

### **ParaCid™ - Parasite Control**

***Removes Anchor Worms & Parasites  
Quick & Safe Formula  
Safe For Fish & Plants***

ParaCid™ is a widely used material by pond and aquarium hobbyists and professionals for control of infestations of fish lice, anchorworm and flukes which are common in pond and aquarium habitats. ParaCid™ works extremely well on pond fish species such as koi and goldfish as well as on commonly found aquarium fish species.

## **KnockOut™ - Ick Control**

***Eliminates Ick Infestation***  
***Eliminates Fungi & Protozoa***  
***Safe For Fish & Plants***

KnockOut™ is formulated for helping control Ick on pond fish. Treated correctly KnockOut™ will remove ick parasites, protozoa, bacteria and fungi from most fish species. KnockOut™ is a broad spectrum treatment for fungus, ick and flukes.

## **WipeOut™ - Bacterial Control**

***Controls & Prevents Bacterial Infections***  
***Controls Finrot & Ulcers***  
***Safe For Fish & Plants***

WipeOut™ is excellent for controlling gill diseases in pond and aquarium fish. Bacterial diseases generally result from fish stress due to adverse water quality conditions (pH, oxygen or temperature problems), habitat clean-outs, untreated abrasions or predators. WipeOut™ works extremely well on pond fish species such as koi and goldfish as well as on commonly found aquarium fish species.

## **Restore™ - Fungus Control**

***Removes & Controls Skin Fungus  
Quick & Easy Treatment  
Safe For Fish & Plants***

ReStore™ keeps your koi or goldfish safe from commonly found parasitic protozoans such as, Ichthyophthirius, Trichodina, Costia and Chilodonella. ReStore™ is also very good for treating many common bacterial diseases.

## **ParaSalt™ - Pond Salt**

***Controls Common Parasites  
Maintains Healthy Slime Coat  
Safe For Fish & Plants***

ParaSalt™ is formulated to increase koi and goldfish electrolytic intake. Electrolytes are critical in building and maintaining a healthy slime coat. Electrolytes such as potassium are essential in wound repair and in times of heavy stress (ie – during water changes or clean-outs). Salt is excellent for mucous production when healing from a wound.

# PLANT HEALTH

## Aphid X® - Fungus Control

***Keeps Insects Off Aquatic & Terrestrial Plants For 7 Days***

***Tested & Approved By Top Aquatic Nurseries Safe For All Aquatic & Domestic Animals***

Aphid X® Is Effective At Repelling: Aphids, Mosquitoes, Ticks, Fleas, Gnats, Beetles, Caterpillars, Cutworms, Whiteflies, Maggots, Weevils, Wireworms, Armyworms, Borers, Chinch Bugs, Grasshoppers, Mites, White Grub Worms, Leafrollers, Mealybugs, Plant Bugs, Slugs, Earwigs & Mole Crickets. Aphid X® is also effective at repelling Deer, Armadillos & Skunks

## Thrive™ - Aquatic Plant Fertilizer

***Maximum Beauty***

***Easy & Safe Application***

***Contains Essential Nutrients***

Thrive™ is designed to keep your aquatic plants vigorous and beautiful all season long. Thrive™ pellets will feed potted aquatic plants all season long. Simply use one tablet for every gallon of soil each month during the growing season. Push one tablet one finger deep into the soil, 3" from the crown of the plant. Press soil around the inserted tablet for best results. It is always a good idea to feed plants every two weeks when the water temperature raises above 75°F.
